### Our Mission

We, Trinity Health Of New England,  
serve together in the spirit of the Gospel  
as a compassionate and transforming  
healing presence within  
our communities.

### Our Core Values

- Reverence
- Commitment to Those Who are Poor
- Justice
- Stewardship
- Integrity

Peri-operative area that oversees all aspects of patient care in the pre-operative, phase 1 recovery and discharge phases of care

### Prior Experience required

- Minimum of 1-2 years of critical care or Emergency Department experience needed (e.g. critical care, years of nursing, etc.)
- Prior PACU experience desired

### Orientation

- 4-8 weeks dependent on experience
- Additional training required : Must complete ACLS and PALS within a year of hiring
- Shadow Experience: Anesthesia, CRNA, OR shadowing as part of the orientation plan

### Good to know!

- Fast paced, supportive with a Team dynamic environment.
- Kronos self-scheduling available
- Active UPC councils working on improving patient experience
- Rewarding nursing environment
