All Shifts

Our Mission

We, Trinity Health Of New England, serve together in the spirit of the Gospel as a compassionate and transforming healing presence within our communities.

Our Core Values

- Reverence
- Commitment to Those Who are Poor
- Justice
- Stewardship
- Integrity

Patient Population

- The Emergency Department is a certified Level 1 trauma center, Stroke and Cardiac Center. On average the Emergency Department sees approximately 230-250 patients a day of varying ages (including pediatrics). The patients can range from acutely ill to chronically ill. Patient complaints vary between medical, surgical, behavioral, or traumatic.

Prior Experience

- Previous Emergency Department experience preferred, but not required

Orientation

- Emergency Department Experience – 6-8 weeks
- Non-Emergency Department Experience (>1yr) – 8-10 weeks
- Non-Emergency Department Experience (<1yr) – 10-12 weeks
- Graduate Nurse Resident – 16 weeks
- Additional training provided –
 - ACLS (acquired during orientation – if needed)
 - TNCC – 6 months-1 year post orientation
 - ENPC – 6 months-1 year post orientation
 - Triage Training – 6 months-1 year post orientation

Shadow Options

- Please reach out to awiknik@trinityhealthofne.org or kfries@trinityhealthofne.org to schedule a shadow opportunity.
